Frequently Asked Questions about the Mathematics Advisory Exam Results

1. What does my MAE placement mean?

In general, students who receive a placement of "Math 6LA" will enroll in MATH 006A AND Math 06LA as their first college mathematics course. Math 6LA will provide just in time lessons and assistance to support the student in Math 6A. Upon completion of Math 6LA, your major will determine the next appropriate course for your enrollment. You will continue taking courses until you have completed the mathematics requirements for your major.
